Gold Springs Resource Corp.

(An Exploration Stage Company)

Notes to the Condensed Interim Consolidated Financial Statements

For the three months ended March 31, 2026 and 2025

(Unaudited - Presented in U.S. dollars)

1 Nature of operations and going concern

Gold Springs Resource Corp. (“GRC” or the “Company”) was incorporated pursuant to the *Canada Business Corporations Act* by articles of incorporation dated September 28, 2006 and was continued under the *Business Corporations Act (British Columbia)* (“BCBCA”) on December 17, 2013. The Company is listed on the Toronto Stock Exchange (“TSX”) under the stock symbol GRC and on the OTCQB Venture Market (“OTCQB”) in the U.S. under the stock symbol GRCAF. The Company’s registered and head office is located at Suite 1100, 1199 West Hastings Street, Vancouver, British Columbia, Canada, V6E 3T5. The Company’s principal activities include the acquisition, exploration and development of mineral properties. The principal country where the Company has been undertaking exploration activities is the United States. Property interests are held through wholly owned subsidiaries.

These consolidated financial statements have been prepared in accordance with IFRS Accounting Standards (defined below) and on a going concern basis, which assumes that the Company will be able to meet its obligations and continue its operations for at least the next twelve months from March 31, 2026.

The Company has incurred losses since inception and expects to incur further losses in the development of its operations and at March 31, 2026, the Company had a working capital (current assets less current liabilities) deficiency of \$3,113,617 (December 31, 2025 – \$2,931,536). At that date, the Company also had an accumulated deficit of \$91,150,708 which has been funded primarily by the issuance of equity.

The Company’s ability to continue as a going concern is dependent upon its Secured Rights financing, other working capital advances and share issuances to provide the funding necessary to meet its obligations, general operating expenses and to continue to explore its mineral properties. Although the Company has been successful in the past in obtaining financing, there is no assurance that it will be able to obtain adequate financing in the future or that such financing will be on terms advantageous to the Company. These factors give rise to material uncertainty that may cast significant doubt upon the Company’s ability to continue as a going concern and, therefore, whether it may be unable to realize its assets and discharge its liabilities in the normal course of business. These consolidated financial statements do not reflect the adjustments to the carrying values of the assets and liabilities, the reported expenses and the statements of financial position classifications that would be necessary should the Company be unable to continue as a going concern. Such adjustments could be material.

2 Basis of presentation

Statement of compliance

The Company’s condensed interim consolidated financial statements have been prepared in accordance with IFRS® Accounting Standards (as issued by the International Accounting Standards Board (“IASB”) and the International Financial Reporting Interpretations Committee (“IFRIC”)) (“IFRS”) applicable to the preparation of interim financial statements, including IAS 34, Interim Financial Reporting. The condensed interim consolidated financial statements should be read in conjunction with the annual consolidated financial statements for the year ended December 31, 2025, which have been prepared in accordance with IFRS.

The Company uses the same accounting policies and methods of computation as in the annual consolidated financial statements for the year ended December 31, 2025.

These condensed interim consolidated financial statements were approved by the board of directors on May 12, 2026.

Gold Springs Resource Corp.

(An Exploration Stage Company)

Notes to the Condensed Interim Consolidated Financial Statements

For the three months ended March 31, 2026 and 2025

(Unaudited - Presented in U.S. dollars)

Basis of consolidation

The condensed interim consolidated financial statements include the results or financial information of Gold Springs Resource Corp. and its significant wholly-owned subsidiaries listed in the following table:

Name	Country of incorporation
High Desert Gold Corporation	Canada
Gold Springs Resource Corp. (Delaware)	U.S.A.
Gold Springs LLC	U.S.A.

The results of each subsidiary will continue to be included in the consolidated financial statements of the Company until the date that the Company's control over the subsidiary ceases. All significant intercompany transactions and balances have been eliminated.

Recent accounting pronouncements

In April 2024, the IASB issued IFRS 18, Presentation and Disclosure in Financial Statements to replace IAS 1, Presentation of Financial Statements. The aim of IFRS 18 is to set out requirements for presentation and disclosure of financial statements to ensure the entity provides relevant and accurate information about its assets, liabilities, equity, income and expenses. IFRS 18 is effective for the Company as of January 1, 2027. The Company is currently assessing the impact of the new accounting standard on its financial statements.

In May 2024, the IASB issued certain amendments to IFRS 7, Financial Instruments: disclosures and IFRS 9, Financial Instruments. The Company considers the amendments relating to the classification and measurement of financial instruments to be the amendments applicable to its financial statements. Under those amendments, an entity shall recognise a financial asset or financial liability on the date on which it becomes party to the contractual provisions of the instrument. A financial asset is derecognised on the date on which the contractual rights to the cash flows expire or the asset is transferred. Unless an entity elects to apply a permitted derecognition exemption, a financial liability is derecognised on the settlement date, which is the date on which the liability is extinguished because the obligation specified in the contract is discharged or cancelled or expires or the liability otherwise qualifies for derecognition.

Under the liability derecognition exemption, an entity will derecognise a financial liability on the settlement date, when settling a financial liability (or part of a financial liability) in cash using an electronic payment system, an entity is permitted to deem the financial liability (or part of it) to be discharged before the settlement date if, and only if, the entity has initiated a payment instruction that resulted in:

- (a) the entity having no practical ability to withdraw, stop or cancel the payment instruction;
- (b) the entity having no practical ability to access the cash to be used for settlement as a result of the payment instruction; and
- (c) the settlement risk associated with the electronic payment system being insignificant.

These amendments to IFRS 7 and IFRS 9 are effective for the Company as of January 1, 2026. These amendments are to be applied retrospectively but are not required to restate prior periods. The Company does not currently anticipate these amendments to have a material impact on its financial statements. These amendments did not have a significant impact on the condensed interim consolidated financial statements for the period ended March 31, 2026.

Gold Springs Resource Corp.

(An Exploration Stage Company)

Gold Springs Resource Corp.

(An Exploration Stage Company)

Notes to the Condensed Interim Consolidated Financial Statements

For the three months ended March 31, 2026 and 2025

(Unaudited - Presented in U.S. dollars)

Gold Springs, USA

The Gold Springs mineral property was acquired through the 2013 acquisition of High Desert Gold Corporation (“HDG”). The Company owns 100% of the Gold Springs property free of royalties except as noted below.

During the year ended December 31, 2017 the Company increased the size of the Gold Springs property by entering into lease and surface use agreements. Pursuant to the agreements, the Company has entered into a 30 year lease beginning on October 25, 2017 for the mineral rights on certain patented mining claims and a 30 year surface use agreement on certain homestead lands (“Homestake property”) upon payment as follows: \$41,035 paid on execution of the agreement, \$40,000 on October 25, 2018 (paid), \$45,000 on October 25, 2019 (paid), \$50,000 on October 25, 2020 (paid) and \$55,000 on each subsequent anniversary, subject to adjustment based on the US Consumer Price Index, until October 25, 2047 (amounts required to have been paid are current as of March 31, 2026).

Royalties

The Company is currently subject to two royalties on two of its property interests. Of the current defined resources, less than 1% are subject to royalties. Upon commencement of commercial production on the Homestake property, the Company is to pay the lessor a 3% net smelter returns royalty (“NSR”). The Company has the right and option, prior to commencement of commercial production, to buy back 0.5% of the net smelter returns royalty for the sum of \$1,000,000, payable within 60 days from and after commencement of commercial production. In addition, the Company entered into a separate mineral lease agreement (no contractual payments outstanding) which requires the Company to pay the lessor of the properties a 3% NSR on any Leased Substances mined and marketed by the Company from the applicable property.

Reclamation Deposit

As at March 31, 2026 the Company had \$639,544 (December 31, 2025 - \$632,376) of cash on direct deposit with Nevada and Utah land and environmental regulatory authorities for future remediation costs.

Resource Expansion Financing Program

During the years ended December 31, 2021 and 2023, the Company closed the first two tranches and a subsequent third tranche, respectively, of a non-brokered financing for a resource expansion program (the “Resource Expansion Financing Program”). The aggregate closing was for a total of \$3,300,000 Series A Secured Rights of the Company (the “Series A Secured Rights”). Investors (the “Series A Secured Rights Holders”) in each of the first and second tranches were also issued an aggregate 3,300,000 common share purchase warrants (the “Series A Secured Rights Warrants”), which subsequently expired. The Series A Secured Rights Warrants entitled the holders to purchase one common share of the Company for a period of two years as follows: a first tranche of 2,000,000 at a price of Cdn\$0.11 per share; a second tranche of 1,000,000 at a price of Cdn\$0.14 per share, and a third tranche of 300,000 at a price of Cdn\$0.13 per share. The balance of each tranche of Series A Secured Rights Warrants at March 31, 2026 was, respectively nil, nil and nil (December 31, 2025, respectively, – nil, nil and nil).

The Company wishes to raise an aggregate of \$20 million under the Resource Expansion Financing Program to fund exploration activities at the Gold Springs Project with the view to significantly expanding the gold and silver resources of the project to a minimum of 3 million gold-equivalent ounces, and to thereafter sell the Gold Springs Project or the Company (an “Exit Transaction”) to a third party (an “Acquirer”).

Gold Springs Resource Corp.

(An Exploration Stage Company)

Notes to the Condensed Interim Consolidated Financial Statements

For the three months ended March 31, 2026 and 2025

(Unaudited - Presented in U.S. dollars)

Proceeds received under the Resource Expansion Financing Program, are to be used, among others, to fund resource-expansion and definition drilling, extensive metallurgical testing, the completion of a preliminary feasibility study, the completion of an environmental impact statement and work required to obtain a mine permit.

Upon the occurrence of an Exit Transaction, the Series A Secured Rights Investors of the first \$10 million raised under the Resource Expansion Financing Program will be entitled to receive 1.5% of the net sale proceeds for every \$1 million (subsequently amended to 0.15% for every \$100,000) invested.

Consideration received from the Series A Secured Rights under the Resource Expansion Program was accounted for as a disposal of an interest in the Gold Springs Project. When the Series A Secured Rights funds are received they are recorded as deferred consideration, and, subsequent to closing of each applicable Secured Rights tranche, as those funds are expended on exploration costs and expansion of the mineral property the deferred consideration is offset against the carrying cost of the mineral property.

6 Redemption liability

On November 4, 2019 the Class B shares of the Company were redeemed for \$0.09827 per Class B share for an aggregate redemption amount of \$11,436,186. On May 9, 2023, the funds, previously held in trust with the Company's Transfer Agent, were returned to the Company as the Company has assumed the redemption payment obligation for the remaining eligible unredeemed Class B shares. At March 31, 2026, the remaining redemption liability was \$113,880 (December 31, 2025 - \$113,880).

7 Loan payable

In May 2020, the Company received \$28,696 (Cdn \$40,000) in the form of a Canada Emergency Business Account ("CEBA") loan. CEBA was part of the economic assistance program launched by the Government of Canada to ensure that businesses have access to capital during the COVID-19 pandemic and was only to be used to pay non-deferrable operating expenses. During the period from receipt of the CEBA loan to December 31, 2023 (previously December 31, 2022), the "Initial Term", no interest was charged on the amount outstanding. An extension to the interest free period was announced by the Government of Canada to extend the Initial Term from December 31, 2022 to January 18, 2024 (the "Government Announcement"). The Company did not repay the CEBA loan as of January 18, 2024, and accordingly, from January 19, 2024 to December 31, 2026 (the "Extended Term") interest is paid monthly at a rate of 5% per annum on the outstanding balance. The balance of the CEBA loan is fully repayable on or before the end of the Extended Term as it was not repaid on or before the end of the Initial Term. As at March 31, 2026 the loan was repayable within 12 months from that date, accordingly the Company has classified the loan as current.

As at March 31, 2026, the balance of the CEBA loan payable is \$28,696 (Cdn \$40,000) (December 31, 2025 - \$29,184 (Cdn \$40,000)). During the three months ended March 31, 2026, the Company recorded interest expense of \$359 (2025 - \$344) on the CEBA loan.

8 Share capital

Authorized

An unlimited number of Class A Common shares ("Common shares") without par value and up to 127,328,790 Class B shares without par value. The holders of the Common shares are entitled to one vote per share. The holders of the Common shares are entitled to dividends, when and if declared by the directors of the Company. No dividends have ever been declared or paid as at March 31, 2026.

Gold Springs Resource Corp.

(An Exploration Stage Company)

Notes to the Condensed Interim Consolidated Financial Statements

For the three months ended March 31, 2026 and 2025

(Unaudited - Presented in U.S. dollars)

No Class B shares are outstanding as at March 31, 2026 (December 31, 2025 – nil) (Note 6).

Financings

There were no financing activities during the three months ended March 31, 2026 and the year ended December 31, 2025.

Stock options

The Company's stock options outstanding as at March 31, 2026, and the changes for the three months then ended are as follows:

	Number of options	Weighted average exercise price (per share) Cdn \$	Weighted average remaining life (years)
Balance – December 31, 2024	10,187,499	0.14	1.21
Granted ¹	6,725,000	0.09	
Expired	(5,633,333)	0.19	
Forfeited ²	(4,400,000)	0.085	
Balance – December 31, 2025 and March 31, 2026	6,879,166	0.09	1.65
Exercisable – December 31, 2025 and March 31, 2026	3,662,499	0.08	1.11

¹ Included in options granted during the year ended December 31, 2025 are (i) 2,000,000 options which vest subject to the Company's share price reaching a target price of \$0.50 by June 30, 2026; (ii) 1,000,000 options which vest subject to the Company closing an additional \$6.7 million in financing in any form by December 31, 2025 (forfeited); (iii) 1,000,000 options which vest subject to the Company closing an additional \$10 million in financing in any form (for a total of \$20 million including the previously issued Secured Rights) by December 31, 2025 (forfeited) and (iv) 900,000 options which vest subject to the Company securing new funding, based on 100,000 options granted for each \$1 million raised, by December 31, 2025 (forfeited).

² 4,400,000 options were forfeited at December 31, 2025 as the vesting conditions were not achieved. As a result, \$11,143 of previously recognized share-based compensation expense was reversed and credited against share-based compensation expense in the consolidated statements of loss.

During the three months ended March 31, 2026, the Company recorded share-based payments in respect of the vesting of previously granted stock options, of which \$13,598 (2025 – \$10,654) was recorded as a charge to operations, and \$1,310 was included in deferred exploration costs for the three months ended March 31, 2026 (2025 - \$987).

No options were granted during the three months ended March 31, 2026.

The weighted average grant date fair value of 4,725,000 options, with no market conditions, granted during the year ended December 31, 2025 was \$0.03 per option. The fair value of each option grant during the years ended December 31, 2025 was estimated at the time of the grant using the Black-Scholes option pricing model with assumptions for grants as follows:

Gold Springs Resource Corp.

(An Exploration Stage Company)

Notes to the Condensed Interim Consolidated Financial Statements

Notes to the Condensed Interim Consolidated Financial Statements

For the three months ended March 31, 2026 and 2025

(Unaudited - Presented in U.S. dollars)

13 Financial instruments

The Company's financial instruments as at March 31, 2026 consist of cash and cash equivalents, receivables, reclamation deposits, accounts payable, redemption liabilities, and loan payable which are all classified as amortized cost.

Fair Value of Financial Instruments

The Company classified the fair value of the financial instruments according to the following fair value hierarchy based on the amount of observable inputs used to value the instruments:

- Level 1 – Values based on unadjusted quoted prices available in active markets for identical assets or liabilities as of the reporting date.
- Level 2 – Values based on inputs, including quoted forward prices for commodities, time value and volatility factors, which can be substantially observed or corroborated in the marketplace. Prices in Level 2 are either directly or indirectly observable as of the reporting date.
- Level 3 – Values based on prices or valuation techniques that are not based on observable market data.

The Company's activities expose it to a variety of financial risks: market risk (including, primarily, currency risk and interest rate risk), credit risk and liquidity risk. There have been no changes in any risk management policies since December 31, 2025.

At March 31, 2026 the Company's primary exposure to financial instrument risk is from exposure to currency exchange rate risks to the extent of its activities in the U.S. and/or in currencies which are not the functional currency of the economic environment in which the Company or its subsidiaries operate. Based on this exposure as at March 31, 2026 a 5% change in exchange rates could give rise to a change in the net foreign exchange impacts by approximately \$122,000 (December 31, 2025 - \$115,000), which is primarily driven by the parent Company's USD and EUR accounts payable and accrued liabilities balance of \$2,195,015 and \$381,990 (EUR 331,299), respectively, at March 31, 2026 (December 31, 2025 – \$2,137,556 and \$355,442 (EUR 302,799), respectively), because the parent Company has a Canadian Dollar functional currency. The Company does not use derivative financial instruments to manage its foreign exchange exposure.
